Sugarland Ranch's Mastiff Rescue Program

"Sugarland's Arianna"

Arianna Dec. 2011

My name is "Arianna". In Italian, my name means "utterly pure" and my temperament matches my beautiful name.. I'm a gorgeous, black with some brindle, purebred, spayed, female Neapolitan Mastiff. I'm now 3 yrs. old and my birthdate is in December. I'm a little shy initially but boy once I warm up, look out, I'm quite energetic, love to play and I'm just a love. I love to be groomed, adorned with kisses, massages and just be with my human. Of all the Sugarland Mastini, I'm the one with the most reliable temperament although I don't ever remember being around "little people". Also being a Mastino, I'm not very good with other female dogs, possibly I could make friends with a male dog as long as I maintained my Queen position. Mastini demand full attention from their humans and if not fully attended, boy can we wail! In fact, they call it the "Mastini wail" demanding prompt attention. I had some initial problems with my eyes but my guardians at Sugarland obtained veterinary care and I can now see. My eyes still look a little "funky" but my eyes are very good and boy for the first time I can actually see, how exciting that is! I have the most beautiful, soft muzzle and wrinkles that my foster Mom loves to nuzzle and love all the time. If you're a true Mastino Napoletano enthusiast and are inter-

ested in adopting me, Sugarland is now accepting adoption applications. An adoption application ("Family Profile") can be found on the Sugarland Ranch website. Please contact Robyn at 1-800-713-7177 for more information and yes, an adoption fee applies. All proceeds directly support our animals at the sanctuary.
