Available for Adoption
Sugarland Ranch's Mastiff Rescue Program
"Sugarland's Borealia"

My name is "Borealia", aka "Lia". I'm a gorgeous, blue, purebred, spayed, female Neapolitan Mastiff. I'm still a puppy at 22 months old; my birthday is in February. My human companions at Sugarland call me their little "blue baby". I'm full of puppy energy and I can be a little pistol and need to be in a single dog home. I love being the Queen of my environment, I demand attention and oh boy can I do the "Mastini Wail" when I want something, especially treats! Although I love my foster Mom and the female staff at Sugarland, somehow, I have a preference for men, go figure! My foster Dad says that I'm his favorite Mastino but I know he has lots of favorites but he sure gives wonderful scratches and loves. Neos have definite likes & dislikes & generally do not get along with other dogs of the same sex (in my situation, I'm pretty "testy" with any other dogs) & definitely no cats, small animals or "little people" as I'm much too strong & powerful & could unintentionally hurt a little person. Although I previously had a little bit of training, I sure could use more positive training. I have that gorgeous blue color that everyone seems to love & I have those wonderful wrinkles. I'm still growing too & so will my wrinkles!!! Sugarland Ranch is now accepting adoption applications that can be found on the Sugarland website (see "Family Profile"). Oh yes, an adoption fee applies and only local adoptions are considered. All proceeds are applied to the animals at Sugarland. Please contact Robyn at 1-800-713-7177 for more information.
