### Sugarland Ranch's Mastiff Rescue Program

### "Sugarland's MoMo Bear"

My name is "MoMo Bear", my Sugarland Mom calls me her "MoMe". I'm a very large purebred, neutered male, Neapolitan Mastiff puppy. I just had my 12 month birthday and I'll be growing and filling out until I'm 3 yrs. old. I'm particularly tall for a Neo Mastiff and my Dad, Ch. Illimani Tiberio, is also at Sugarland and everyone who sees him thinks he is special and I look like him quite a bit, especially all the soft wrinkles. I'm a blue just like my Dad, Tiberio and my Mom, Cerasella. I'm currently in that awkward stage, very clumsy and learning how to walk on a leash. Just like my sisters, I want to be the center of attention and my guardians at Sugarland tell me that it's hard to resist my beautiful smile and demands, they have spoiled me terribly and I deserve every bit of all the attention as I had a very rough start in life. My guardians at Sugarland immediately obtained necessary veterinarian care for me and thanks to the wonderful

Veterinarians, I now have beautiful eyes, my coat and skin are beautiful. Just like the Mastini, I need to have an experienced dog savvy human companion and although I'm very young, I have my definite likes and dislikes and could possibly be integrated with another large female dog if she was submissive as I'm quite dominant and would never tolerate another male dog or a dominant female dog (would not tolerate small dogs or cats either). Oh by the way, I'm too large and powerful to live with any small children. If you are interested in adopting me, contact Robyn at Sugarland Ranch 1-800-713-7177, you can also see me on our website or new adoption blog [www.sugarlandranchadoptions.blogspot.com](http://www.sugarlandranchadoptions.blogspot.com). We are now accepting adoption applications. The adoption application can be found on our website, see "Family Profile", print it, complete it and you can either scan and email return, fax it or mail it.
