Sugarland's Mastiff Rescue Program

"Matilda"

I've had a pretty rough start in life. Being at Sugarland is the first time I've experienced human love. I was so very sick upon arrival from a shelter. One by one with the help of Sugarland and Veterinarians, each problem is being addressed and the good news is that I'm not as old as they originally thought. I'm about 6 yrs. old, am now spayed and my eyes have been fixed so I can see now. I also had a thorough dental, boy that's was some-

thing but I sure feel better now and my personality is really growing. Because of my history, I can never live with other animals, I tend to be very aggressive with other dogs. What is so very cool, is to see me developing a personality and learning to trust humans and boy do they love me, those kisses, I really didn't know what a human kiss was, but I sure do now! I've been told that I'm a "mini Neo", a tawny Neapolitan Mastiff X rather a "small version". I don't believe I would do very good

with kids either, they would be too rough for me. I'm looking for a quiet, sedate, adult home with lots of love & of course a fireplace for the cold winter nights!
